Before you sign this Application Form, be aware that OnePath Life or your adviser is obliged to have provided you with a Product Disclosure Statement (PDS) containing a summary of the important information about the product(s) you are applying for. This information will help you to understand the product(s) and decide whether the product(s) is appropriate for your needs.

The policy owner's duty of disclosure

Before a policy owner enters into a life insurance contract, they have a duty to tell OnePath Life anything that they know, or could reasonably be expected to know, may affect OnePath Life's decision to provide the insurance and on what terms.

The policy owner entering into the contract has this duty until OnePath Life agrees to provide the insurance.

The policy owner entering into the contract has the same duty before they extend, vary or reinstate the contract.

The policy owner entering into the contract does not need to tell OnePath Life anything that:

- reduces the risk OnePath Life insures you for
- is of common knowledge
- OnePath Life knows or should know as an insurer, or
- OnePath Life waives your duty to tell it about.

If the life insured does not tell OnePath Life something

If the insurance is for the life of another person and that person does not tell OnePath Life something that they know, or could reasonably be expected to know, may affect OnePath Life's decision to provide the insurance and on what terms, this may be treated as a failure by the policy owner entering into the contract to tell OnePath Life something that they must tell OnePath Life.

If the policy owner entering into the contract does not tell OnePath Life something

In exercising the following rights, OnePath Life may consider whether different types of cover can constitute separate contracts of life insurance. If it does, OnePath Life may apply the following rights separately to each type of cover.

If the policy owner entering into the contract does not tell OnePath Life anything the policy owner is required to, and OnePath Life would not have provided the insurance or entered into the same contract with the policy owner if they had told OnePath Life, OnePath Life may avoid the contract within three years of entering into it.

If OnePath Life chooses not to avoid the contract, it may, at any time, reduce the amount of insurance provided. This would be worked out using a formula that takes into account the premium that would have been payable if the policy owner had told OnePath Life everything they should have. However, if the contract provides cover on death, OnePath Life may only exercise this right within three years of entering into the contract.

If OnePath Life chooses not to avoid the contract or reduce the amount of insurance provided, it may, at any time vary the contract in a way that places it in the same position it would have been in if the policy owner had told OnePath Life everything they should have. However this right does not apply if the contract provides cover on death.

If the failure to tell OnePath Life is fraudulent, OnePath Life may refuse to pay a claim and treat the contract as if it never existed.

Your duty of disclosure continues until the contract of life insurance has been accepted and the policy has been issued by OnePath Life. Please make sure you answer all applicable questions completely and truthfully.
